

INTRODUCTION

Forward

This handbook has been prepared for your convenience by the administration of Bronaugh R-VII School District. The rules, regulations, procedures and articles outlined in this handbook have been established to create the best possible atmosphere for the education of all students. They are based on respect for the rights of others and the individual responsibility of each student to perform his/her job in the best way possible. Your good use of the information provided herein will be to your own best advantage and will also help your school continue to maintain the standards we have all come to expect. It should be pointed out that although this book attempts to be all-inclusive, not all rules, regulations, and policies necessary for the effective operation of any school system can be included in any handbook.

Welcome

The Board of Education and staff welcome you as a student at Bronaugh R-VII School District. We urge you to take advantage of the many educational opportunities offered, and we hope that you enjoy your school year.

The knowledge, skills, and attitudes that you acquire while attending Bronaugh R-VII School District will help you throughout the rest of your life. We encourage you to strive for intellectual, physical, social and career development. You will have the freedom to call on any member of the school staff for any help you may need.

It is our hope that this handbook will be helpful in acquainting you with the different areas of school life. Parents and students should study the handbook carefully and then work closely with the school staff as the school program is planned from year to year. After parents or guardians have gone over the handbook with their students, please sign the form on the last page and return to the school. Your signature will indicate that you have read and understand the rules of Bronaugh R-VII School District.

It is important to get off to a good start. With your help, this can be the most successful and enjoyable year we have ever had at Bronaugh R-VII School District.

Mission Statement

Creating opportunities through quality education.

Educational Philosophy

We believe that the educational process should develop a feeling of self worth and accomplishment within each student and should be built upon a thorough understanding of the basic skills. Furthermore, we believe that the self actualization of each child should be in harmony with appreciation for the importance of our democratic way of life shall not be inherited, but must always be learned and earned anew by each generation in order for it to be perpetuated.

Therefore, we believe the role of education to be one of helping individuals achieve their greatest potential, which will, in turn, enable them to make their greatest contribution to society.

It is, therefore, the responsibility of the Bronaugh R-VII Schools to provide an environment for children of the District, which will foster and accelerate their intellectual, social, physical, aesthetic, emotional, and ethical development.

VISION STATEMENT

In order to carry out the mission of Bronaugh R-VII School District, the stakeholders (students, parents, educators, and patrons) have identified the following key components necessary for the lifelong success of all students: Learning, Commitment, Accountability, and Teamwork. All stakeholders will continually strive to achieve these goals and all decisions made in the school will be driven by the vision.

LEARNING

- Develop and sustain high expectations
- Promote life-long learning through a viable education

- Achieve higher student performance
- Supply a safe, positive, stimulating environment for learning

COMMITMENT

- Protect instructional time
- Teach the viable and aligned curriculum
- Support teachers through high quality professional development
- Use all available resources to maximize student learning
- Set exemplary standards through research and data driven decisions

ACCOUNTABILITY

- All stakeholders share the responsibility for student success
- Model good citizenship, build self-esteem, and develop character
- Monitor performance and provide feedback

TEAMWORK

- Respect individual differences
- Maintain effective communication
- Establish and maintain unity among all stakeholders
- Encourage and foster a collaborative atmosphere for stakeholders

Comprehensive School Improvement Plan

General Information

Non discrimination and Student Rights (Policy 2100)

The Board of Education reaffirms its belief that every student regardless of race, color, sex, national origin, age, ethnicity, disability, or perceived sexual orientation be given equal opportunity for educational development.

The Board recognizes the importance of providing each student with a school environment conducive to intellectual, emotional, and social growth through participation in a full range of educational programs and activities. Board and staff commitment insure equal educational opportunities in course offerings, guidance and counseling, test procedures, extra-curricular activities, discipline procedures and student support services.

The District assures that it will comply with:

1. Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. 2000d et seq., which prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance.
2. Section 504 of the Rehabilitation Act of 1973 (Section 504), as amended, 29 U.S.C. 794, which prohibits discrimination on the basis of disability in programs and activities receiving Federal financial assistance.
3. Title IX of the Education Amendments of 1972 (Title IX), as amended, 20 U.S.C. 1682 et seq., which prohibits discrimination on the basis of sex in education programs and activities receiving Federal financial assistance. The provisions of Title IX apply to students with regard to educational opportunities and freedom from harassment, employees with regard to employment opportunities and freedom from harassment, and to individuals with whom the District does business.
4. The age Discrimination Act of 1975, as amended 42 U.S.C. 6101 et seq., which prohibits discrimination on the basis of age in programs or activities
5. All regulations, guidelines, and standards lawfully adopted under the above statutes by United States Department of Education. (Policy 1310).

Equal Educational opportunity (Policy 2110)

It is the policy of the Board of Education to provide a free and appropriate education for students with disabilities. Students with disabilities are those who, because of certain atypical characteristics, have been identified by professionally qualified personnel as requiring special educational planning and services. Students with disabilities will be identified on the basis of physical, health, sensory, and/or emotional handicaps, behavioral problems or observable exceptionalities in mental ability. It is possible that a student may have more than one type of disability.

The District's programs and services available to meet the needs of these students will be in accordance with the Individuals with Disabilities Education Act, The Education for All Handicapped Students Act of 1975, The Rehabilitation Act of 1973, Section 504, and 152.670-.995RSMo., Missouri Special Education Services. In addition, the identification of students with disabilities and the services provided by the District will be in accordance with the regulations and guidelines of the Missouri Department of Elementary and Secondary Education's Current Plan for Part B of the Education of the Handicapped Act, as amended.

Inquires concerning the application of this policy, grievance procedures or matters pertaining to Section 504, should be directed to compliance coordinator, Ms. Phillips, Superintendent of School, Bronaugh R-VII School District, Bronaugh, MO.

STUDENTS Policy 2400

Student Educational Records (Form 2400)

A cumulative educational record shall be maintained for each student from his/her entrance into school through the last date of attendance or through graduation, whichever occurs first.

Each student's educational record will include information required by state and federal statutes, regulations or agencies and shall include other information considered necessary by school officials.

The District will comply with the mandates of the Family Educational Rights and Privacy Act (FERPA) and the Safe Schools Act regarding confidentiality of student records and disclosure of personally identifiable information.

The parents/guardians of students who are attending or have attended the District's schools have the right to inspect and review the educational records of their students and to request amendment of their students' educational records.

The District has adopted procedures for the granting of parental requests for access to the educational records of their students within a reasonable period of time, but in no case more than forty-five (45) days after the request is made.

All information contained in a student's educational record, except information designated as directory information by the District, shall be confidential and shall be directly accessible only to school officials who demonstrate a legitimate educational interest in the student's records and to parents/guardians or eligible students.

Upon request by military recruiters or an institution of higher learning, the District will provide students' names, addresses and telephone listings. Parents will be notified annually of their right to individually request that such information not be released without prior parental consent. Military recruiters will be provided the same access to students as is given to institutions of higher learning.

FERPA Notice of Designation of Directory Information

NOTICE OF DESIGNATION OF DIRECTORY INFORMATION

Dear Parents and Guardians:

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that BRONAUGH R-VII School District, with certain exceptions, obtains your written consent prior to the disclosure of personally identifiable information from your child's education records. However, BRONAUGH R-VII School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the BRONAUGH R-VII School District to include this type of information from your child's educational records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want BRONAUGH R-VII School District to disclose directory information from your child's educational records without your prior written consent, you must notify the District in writing by 8-31 (date).

BRONAUGH R-VII School District has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- Photograph
- Date and place of birth
- Dates of attendance
- Grade Level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors and awards received

Student Educational Records

(Form 2400.1)

FERPA Educational Rights Annual Notification

Each year the Bronaugh R-VII School is required to give notice of the various rights accorded to parents or students pursuant to the Family Educational Rights and Privacy Act (FERPA). Parents and students have a right to be notified and informed. In accordance with FERPA, you are notified of the following:

Right to Inspect: You have the right to review and inspect substantially all of your education records maintained by or at this institution.

Right to Prevent Disclosures: You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of this institution to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allow disclosure without prior written consent.

Right to Request Amendment: You have the right to seek to have corrected any parts of an education record which you believe to be inaccurate, misleading or otherwise in violation of your rights. This right includes the right to a hearing to present evidence that the record should be changed if this institution decides not to alter the education records according to your request.

Right to Complain to FERPA Office: You have the right to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, Washington, D.C., 20202-4605, concerning the Bronaugh R-VII School District Failure to comply with FERPA.

Right to Obtain Policy: You have the right to obtain a copy of the written policy adopted by the Board of Education of the Bronaugh R-VII School District in compliance with FERPA. A copy may be obtained in person or by mail from Patricia Phillips, Custodian of Records, Bronaugh R-7 School District, 527 East 6th Street, Bronaugh, MO 64728.

Instruction for Students with Disabilities (Policy 6250)

It is the policy of the District to provide a free appropriate public education to all public school students with disabilities. Students with disabilities are defined as those students who have one of the categorical disabilities as enumerated in the Missouri State Plan for Part B of the Individuals with Disabilities Education Act (IDEA) and who also require special education services or who have a mental or physical impairment substantially limits one or more major life activities as defined by Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act and who require accommodations or special education and related services.

The District will provide special education and/or other services to students with disabilities in accordance with applicable law, including the IDEA, and its amendments, Section 504 of the Rehabilitation Act of 1973, 162.670-.995,RSMo., and Missouri's State Plan for Part B.

Student Handbook

The student Handbook is prepared to assist each student in adjusting to high school life. The Administration and the Board of Education believe that an understanding by each student of the school rules and regulations is necessary in order to create a learning atmosphere, and to maintain each student's individual rights.

We suggest that each student discuss the rules and regulations which are set forth in the Handbook with his/her parents or guardians. This will avoid confusion and misunderstanding. Parents should feel free to call or visit the school at any time to discuss or observe his/her child's school activities.

School Day

(Policy 1220)

For students riding a bus, the school day starts when the student boards the bus and ends when the student returns home on the bus. Students will not be let off at unauthorized stops either to or from school. Students who arrive at school on the bus will not be allowed to leave campus prior to school starting.

For students who drive, the school day starts when the student drives on campus. Once they arrive at school, students may not leave until school is over for the day and the buses have left.

For students who walk, the school day begins when the student leaves home with the intent of coming to school. Their day ends when they arrive back at home or are turned over to their legal guardian or parents.

The school building will be open for students on all school days from 7:50 a.m. to 3:15 p.m. Students who are not involved in faculty sponsored events should not be on school grounds prior to 7:50 a.m. or after 3:30 p.m. The first passing bell will ring at 8:00 a.m. for students to go to their respective classrooms. The first hour period will begin at 8:05 a.m. Students are expected to be in their classroom and prepared for instruction at 8:05 a.m. Students may enter the building at 7:50 a.m. and go to their lockers to either place items in or take items out. Elementary students must stay in the lunchroom until 8:00 a.m. Permission by students to use any of the buildings after hours or on weekends must be obtained from the Principal. A faculty sponsor must be with students at all times.

School/Community Relations

Policy 1430

Visitors to schools

Principals and teachers shall welcome and encourage visits by parents/guardians, Board members, volunteers and patrons of the schools. All visitors shall report to the principal’s office on entering the building so that the office will be aware of their presence. When a patron of the school has a need for a conference with a teacher or counselor, an appointment should be made so the staff member may proceed with his/her assigned duties without undue interruption.

Groups of visitors wishing to visit the school or facilities shall notify the Superintendent as far in advance as possible.

Students dismissed earlier in one school than others are not permitted to be on the grounds of any other school in the District.

All person who do not obtain permission from the principal’s office to visit the school, or visitors who create serious distractions to the learning environment in the building or on the premises, shall be considered trespassers and subject to arrest and prosecution.

BOE Readopted July 2007

Students must meet a minimum ACT score requirement, established by the State, to qualify.

Enrollment and Registration

At the time of enrollment, each student will make a schedule of the courses he/she would like to take for the school term. Students enrolling as new students should bring a copy of their immunization records, social security card, birth certificate, and transcripts, if possible, from their previous school. New students must have proof of residency (a person physically resides in a school district and is domiciled within that district; the domicile of a minor child shall be the domicile of the parent/guardian.) If no transcript is available during enrollment, student's schedule will be tentative until transcript is received. A schedule change may be made at a later date to reflect the actual academic needs of the individual student.

Student Age Limits For Attendance

Special education students who have reached the age of 21 or non-special education students, who have reached the age of 19, must obtain permission from the School Board before they will be allowed to enroll or attend classes at Bronaugh R-VII High School.

Grading System

Grading system at Bronaugh R-VII School District is as follows:

A four-point scale is used to determine the GPA

A	4.00	B-	2.67	D+	1.33
A-	3.67	C+	2.33	D	1.00
B+	3.33	C	2.00	D-	0.67
B	3.00	C-	1.67	F	0.00

An incomplete grade may be given when a student has not been in regular attendance during the final days of a quarter/semester or if the student has not completed required work. An incomplete grade must be removed within two weeks after the quarter ends or the grade automatically becomes an "F". Parents are invited to discuss their child's progress with classroom teachers, principal and the counselor. Please contact the office to set-up an appointment, and remember to check in at the office before visiting a classroom.

Teachers will provide the students in their classes with a detailed description of their grading policy.

Homework Policy

Homework is an important part of school instruction. Students are responsible for completing all assignments given by the teacher. When a student is aware he/she will be away, the student is to make arrangements to receive homework prior to leaving. In cases of unplanned absence, students are to make-up the assignments in a timely manner. For example, if a student is absent one (1) day - a one day (1) waiting period is allowed, if a student is out two (2), a two (2) day waiting period is allowed, etc. Students who are absent are responsible for contacting the teachers of the classes missed and determining what assignments must be completed. THIS IS THE STUDENT'S RESPONSIBILITY!

Dual Credit Courses

Dual credit courses enable high school students to receive, simultaneously, both high school and college-level course credit. These courses are available to juniors and seniors only. Wentworth Jr. College is our sponsoring College. For further information contact the B.H.S. counselor or principal.

Nevada Regional Technical School

Juniors and seniors are permitted to enroll in vocational classes held in the morning at the Nevada Regional Technical Center in Nevada. Wide ranges of classes are available. A list of classes can be found in the Guidance Office. If students complete a two year program they will receive and embedded English credit. Local board policy permits a waiver of one unit of academic credit in communication arts or mathematics for students completing a three unit career and technical education program of study. If for any reason a student does not complete a program (fails a class, drops out etc...) that student will be responsible for the tuition fees. Fees are \$700 per semester. It is mandatory that students and their parents sign a contract accepting these responsibilities before they are allowed to attend. The Nevada Regional Technical Center also requires students to maintain a "C" average or better in order to continue in the program.

Progress Reports

Progress reports will be sent to parents at mid-quarter of the grading periods. These notices are to advise parents when a student is in danger of failing a subject, if a student’s grade drops significantly from previous grades, or if a student’s work is considerably below the class average. These progress reports also attempt to keep parents or guardians advised about the student’s work habits, concentration, attitude, study skills, etc.

Progress reports will be available on the school website.

Report Cards

A student at Bronaugh R-VII School District will receive a letter grade on his/her report card at the end of each nine weeks to indicate his/her proficiency in each subject. School marks are affected particularly by attendance, preparation of assigned work, class participation, tests and citizenship. In addition to report cards, other reports will be made to parents when the need arises. Semester report cards are sent through the mail.

Honor Roll

Bronaugh R-VII School District recognizes two levels of achievement. First is the “A-B” Honor Roll. Any student, grades 7-12, with all class grades of B- or higher in any given quarter will be on THE “A-B” Honor Roll. Second, is the “A” Honor Roll. Any student in grades 7-12, with all grades of A- or better in any given quarter will be on the “A” Honor Roll. Certificates for students who make the honor roll every quarter will be presented after the 4th quarter is completed.

Academic Letter

Any student, grades 9-12, making an A- or better in all classes for the entire school year, will receive an academic letter. Every year after that a student will receive a pin for all A’s. Academic letters will not be presented until after the 4th quarter is completed.

Rotating Classes: 7th & 8th Grade

Junior High students will have 4 different classes during the 4th hour class period during the school year. Each class will meet for 9 weeks. Students will receive a grade in each class. The first session grade cards will go out with first quarter grades. The second session grade cards will go out with second quarter grades. The third session grade cards will go out with the third quarter grades. The fourth session grade cards will go out with fourth quarter grades.

Withdrawal from School

Pupils who must withdraw from school before the end of the year are to follow these steps:

1. Report your intention to withdraw to the office. This intention to withdraw must be with parental approval.
2. Pick up a checkout slip in the office the morning of your last day in school.
3. Follow your regular schedule, checking in your books and having your teachers sign the checkout sheet.
4. Return the completed checkout slip to the office.
5. Final checking out will be done in the office. If for any reason your checkout is not complete, you will not be considered withdrawn from school and transcripts will not be forwarded.

Participation In Graduation

To participate in the commencement ceremony, students who receive a diploma must meet all requirements established by the Bronaugh R-VII School District and the Missouri State Department of Elementary and Secondary Education. In addition, students who exhibit unsatisfactory citizenship may be denied the privilege of taking part in the commencement ceremony under the administrative regulations established for the high school students in the Bronaugh R-VII School District. Seniors must adhere to the districts attendance policy in order to meet graduation requirements.

Graduation Requirements

If a student in grades 9-12 fails a required course, he must re-take the course. Generally, a student should take his required courses as soon as possible in order to get those behind him. A student should pass at least four by the end of his Freshman year. A student who is not on this schedule at the end of each year will have to take enough requirements the following year to get back on the schedule. Students who are behind on the schedule may be denied the privilege to attend Vo-Tech.

Valedictorian and Salutatorian

The first and second ranking senior students (in terms of cumulative grade point averages) are honored as Valedictorian and Salutatorian respectively. Each will present an address on a relevant subject as a part of graduation exercises. A student must be in attendance at Bronaugh R-VII School District for three semesters to be considered for these honors.

Students desiring to be considered for Valedictorian or Salutatorian must have taken 8 of the following classes. Any two agriculture classes above Ag. Science I or II will be counted as 1 of the 8 classes considered for Valedictorian and Salutatorian.

Physics	World History II	
American Heritage	Language Arts IV	Spanish II
Consumer Education	World Literature	Algebra II
Band III or IV	Chemistry	Psychology
Computer Application	Sociology	Biology II
Advanced Math-College Algebra		
Agriculture Electives (above Agriculture I or II)		

Cumulative grade point averages will be figured by the high school counselor and verified by a committee consisting of the building principal and two high school teachers.

For any further information contact the counselor's office.

GUIDANCE AND COUNSELING

Guidance Services

Guidance services are offered within the total educational program to help meet the needs of all students and teachers. Bronaugh R-VII High School offers a guidance program to work with individual students in the planning and implementation of their overall individual education opportunities while in this educational arena and long range planning for vocational occupations or institutions of higher learning.

The guidance and counseling program shall maintain a developmental focus for all students at the elementary and secondary levels.

Counselors shall demonstrate respect for the dignity and worth of each individual, and encourage each student to develop individual responsibility and decision-making skills. Counselors, in consultation with the principal, will coordinate the school guidance program and involve staff members in designing and implementing plans to meet the following three major goals:

1. *Educational Development*—students will participate in planning instructional experiences so that those experiences are consistent with educational requirements and career aspirations.
2. *Personal/social Development*—students will develop appropriate behaviors for a variety of social settings. Students will develop awareness of self and confidence in their own abilities in order to enhance career and social development.
3. *Career Development*—students will develop career options consistent with interests, abilities and values. Career development includes focus on the four areas of vocation, avocation, family life and citizenship

Within the framework of these guidance and counseling goals, specific student and curricular objectives shall be developed.

In addition, the guidance and counseling program will provide responsive services which include personal counseling, crisis counseling, agency referral, consultation for parents, teachers and other professionals, support groups and problem-solving.

Within the areas of counseling and guidance responsibility, the counselor enters into professional relationships with three segments of the school community: students, staff members & parents/guardians. Consistent with the rights of the individual and the obligations of the counselor as a professional, the counseling relationship and resulting information is, in most instances, considered as privileged communications. When appropriate, counselors will be responsible for explaining to students the ramifications of and exceptions of this confidentiality.

Testing Program

Other duties of the guidance counselors include the administration of tests, scoring of tests and interpretation of test data to students and parents. Group tests are administered throughout the year according to the Bronaugh R-VII assessment plan.

STUDENT BEHVAIOR

Students Rights and Responsibilities

Students at Bronaugh R-VII School District have the RIGHT to feel safe at school, to attend class, to have the opportunity to learn and to be accepted as they are.

Students at Bronaugh R-VII School District have the RESPONSIBILITY for:

1. Attending school and classes every day;
2. Arriving at school and classes on time and being seated when class begins;
3. Bringing books and materials to class and participating in activities;
4. Treating students and adults with respect;
5. Taking care of school property;
6. Being friendly and helpful to guests in the building;
7. Keeping hallway noise at appropriate levels—quiet near all classrooms;
8. Wearing appropriate clothing;
9. Keeping the building clean by putting trash in wastebaskets and consuming food and beverages in the cafeteria or designated locations.
10. Leaving expensive jewelry, electronic games, tape/CD players, and cell phones safely at home.

Attendance Policy

(Policy 2310)

(Regulation 2310)

Regular and punctual attendance is a must to receive full benefits of educational offerings. Educational research mandates that effective teaching and learning strategies require student attendance and participation. School attendance is also a factor that employers consider as important as good academic performance.

In order to be consistent with society, the world of work, and due process, Bronaugh R-VII School District has implemented the following attendance policy.

Students will be allowed 8 days per semester to take care of minor sickness, doctor/dentist appointments, short vacations, or any other personal needs or responsibilities. After accumulating more than 8 (eight) absences from any class in a semester, the student will not receive credit for the course.

All students are expected to attend school regularly and to be on time for classes in order to benefit maximally from the instructional program. The Board Policy is as follows:

1. After accumulating more than eight (8) absences from any class in a semester, the student will not receive credit for the course.
2. Excused absences are as follows: Doctor/Dental appointments (note from the doctor/dentist office must be brought to school when the student returns), illness (school must be contacted by phone and followed up by a written note from the parent), funerals, court appearances, drivers license test (1 time only), and college visits (2 days—seniors only). **College Visits must be prearranged and approved by the counselor and/or the administrator at least one week in advance. The proper pre-trip forms must also be completely filled out and approved by the counselor and principal prior to the college visit.** All notes and verification for excused absences must be taken care of within 48 hours or the absence will become unexcused
3. Students granted excused absences for the reasons listed above shall be allowed to make-up any work, which is missed. Absences for any reason other than listed, are considered unexcused. An unexcused absence means that the student will not be given the opportunity to make-up the work.
4. A note or phone call from a parent will be required after each absence to insure that parents are aware of the time missed and to determine whether the absence is verified to be presented to the Attendance Committee. Definition of verification: absence(s) where parent/guardian corresponds with the school to identify that the student was absent with permission by calling on the day of the emergency absence or sending a note when the student returns. Definition of unverified: absence(s) where no arrangements were made for scheduled absence(s), or no notification was made on the day of the emergency absence, or no note was submitted when the student returned to school.
5. School sponsored activities are exempt from the total number of absences.
6. In case of serious accident, extended illness, or other emergency situations, an extension may be granted if the parents/guardians request the extension prior to the accumulation of the excess absences.
7. Parents will be informed by letter after the 3rd absence, 5th absence, and 7th absence in the semester.
8. An appeals committee will be available for any student who exceeds the 8-day limit and feels that extenuating circumstances were present. The committee will be comprised of the Principal, Building Counselor, one school board member, and two teachers appointed by the Principal. In order to address extenuating circumstances and afford due process, the attendance committee will meet up to twice a month or as needed with parents/guardians, and/or students who have accumulated 5 or more absences. At that time the student and parent or guardian will present to the committee any conditions that might be justifiable reason for any excessive absences. Final appeal may be made to the superintendent and school board.

Guidelines for Student Behavior

The Board of Education, Administration, and Faculty of the Bronaugh R-VII School District have the responsibility to ensure an environment conducive to the learning process. While there are many factors, which affect the learning environment, perhaps the most harmful are the problems that result from inappropriate conduct and lack of consistent and effective disciplinary responses.

Organizations, businesses and industries cannot operate successfully without procedures, goals, expectations and satisfied workers; neither can schools. Rules, which establish discipline guidelines for students, are necessary and basic to their growth and development. Thus, it becomes the responsibility of the school district to have a discipline code, which reflects the community's standards and expectations for student behavior.

The discipline code, which follows, is intended as a guide for administrators and teachers in dealing with inappropriate student behavior. All district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or any property of the school, on any school bus going to or returning from school, during school sponsored activities or during intermission or recess periods.

We believe that students know the difference between right and wrong as well as the parents and teachers, so we do not accept the excuse, "I didn't know." All students who violate school rules will be treated equitably. The seriousness of the offense and the student's record for the school year will be taken into account. Depending upon the immediacy of the situation, it is within the discretion of the administration to determine the appropriate actions.

When a student has repeated a minor offense more than twice, (s) he may receive the same consequences, as (s) he would be given for a more serious offense.

STUDENTS Policy 2655

Discipline

Bullying

The District is committed to maintaining a learning and working environment free of any form of bullying or intimidation by students toward District personnel or students on school grounds, or school time, at a school sponsored activity or in a school related context. Bullying is the intentional action by an individual or group of individuals to inflict physical, emotional or mental suffering on another individual or group of individuals.

Bullying occurs when a student:

- Communicates with another by any means including telephone, writing or via electronic communications, intention to intimidate, or inflict physical, emotional, or mental harm without legitimate purpose, or
- Physically contacts another person with the intent to intimidate or to inflict physical, emotional, or mental harm without legitimate purpose. Physical contact does not require physical touching, although touching may be included.

Students who are found to have violated this policy will be subject to following consequences depending on factors such as: age of student(s), degree of harm, severity of behavior, number of incidences, etc. Consequences: Loss of privileges, classroom detention, Conference with Teacher, parents contacted, conference with Principal, in-school suspension, out-of –school suspension, expulsion and law enforcement contacted.

STUDENTS Policy 2610

(Regulation 2610)

Discipline

Behavioral Expectations

All students attending school in District schools will be expected to accept the obligation and responsibility to attend school on a regular basis and to comply with the District's discipline code set forth in Regulation 2610. Those students who choose not to fulfill their responsibilities at school will be held accountable for their conduct. Consequences for individual acts of misconduct are calculated to discipline the student, to deter future misconduct, and to provide a safe and positive environment in which students can maximize their learning potential. Students who engage in significant acts of misconduct off campus which materially and adversely impact the education of district students will be subject to discipline up to and including expulsion.

BOE Readopted July 2007

Detention

Detention is a privilege added to the discipline process to prevent more suspensions. Students should realize this and make every effort to cooperate with the following rules and avoid suspension.

1. Students assigned to detention are to be in their seat and ready to begin their work promptly at 3:15 and will remain until 4:00. Any student arriving after 3:15 will be assigned one additional detention. Any student arriving after 3:20 will be sent home and further punishments as per behavior guidelines.

2. All students in detention will work quietly and will not have any privileges. There will be no talking and no asking questions of the teacher in charge of detention.
3. Always bring enough schoolwork to last the entire detention. Students without sufficient work for the entire detention will receive one additional detention and given work by the teacher.
4. The detention teacher may remove any students from detention who are not cooperative or working. Any student removed from detention for disciplinary action will automatically be suspended a minimum of one day from school.

Friday Night/Saturday School

1. Students assigned to FNSS are to be in their seat and ready to begin their work promptly at 3:15 and will remain until 6:15. Any student arriving after 3:15 will be assigned one additional detention. Students will be expected to follow the ISS rules that are available in the ISS room. Parents/Guardians are responsible for picking up their student at 6:20pm.
2. Saturday School will begin promptly at 7:30am and finish at 10:30am. Parents are responsible for transportation to and from Saturday school. Saturday School may be used as a form of punishment or as a means for credit recovery upon the availability of necessary personnel.

I.E.P. and Discipline

Students with an I.E.P. in place will be dealt with in accordance to their I.E.P. and Federal Laws (PL 94-142 and IDEA) regarding punishment.

Nondiscrimination and Student Rights

Searches by School Personnel

School lockers and desks are the property of the Board of Education and are provided for the convenience of students, and as such, are subject to periodic inspection without notice, without student consent, and without a search warrant. The lockers and desks may be searched by school administrators or staff who have a reasonable suspicion that the lockers or desks contain drugs, alcohol, material of a disruptive nature, stolen properties, weapons, items posing a danger to the health or safety of students and school employees, or evidence of a violation of school policy. In addition, the Board of Education authorizes the use of trained dogs to sniff lockers or other school property to assist in the detection of the presence of drugs, explosives, and other contraband.

Students or student property may be searched base on reasonable suspicion of a violation of District rules, policy or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses, if such witnesses are available. Students may be asked to empty pockets, remove jackets, coats, shoes and other articles of exterior clothing for examination if reasonable under the circumstances. However, no strip searches are to be conducted.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on school premises may be searched if a school administrator has reasonable suspicion to believe that illegal, unauthorized or contraband items, or evidence of a violation of school policy is contained inside the vehicle.

Law enforcement officials shall be contacted if the search produces a controlled substance, drug paraphernalia, weapons, stolen goods or evidence of a crime, in any case involving a violation of law when a student refuses to allow a search, or where the search cannot safely be conducted. Parents may also be contacted. A student who refuses to submit to a search may be appropriately disciplined by school officials.

Police Involvement

School Officials are required to notify law enforcement officials in cases involving Safe School Act violations and in some cases may press charges. If law enforcement officials are notified, legal guardians will be contacted. Any action taken by law enforcement officials will be in addition to action by the school. School officials, guided by the District procedures, will cooperate with law enforcement officials during investigations.

Due Process

This booklet has explained the major disciplinary problem areas and the actions that may result for those students who will not follow the rules. All students are entitled to due process. This means that no action will be taken against a student until everyone involved has presented the facts and a judgment has been made. There are procedures, which students must follow if they do not agree with the school actions.

Appeal of Suspension by Principal

Principals may suspend students for a period not to exceed ten (10) school days. If the student/parent is not satisfied with the decision of the principal, he/she may appeal the decision to the superintendent. At the student's request, the superintendent may affirm, revoke, or modify the suspension.

Appeal of Suspension by Superintendent

The superintendent may suspend students for a period not to exceed one hundred eighty (180) school days. The student, parent/guardian may submit a written request to the superintendent for a hearing with the Board of Education. The Board of Education shall meet within a reasonable period of time and shall consider evidence and statements presented by the parties concerned. The board shall take final action within a reasonable period of time. Ref. RSMo. 167.161, 167.171

Bus Rules

The following rules and regulations apply to all students riding District school buses. These rules and regulations are established to assist the drivers in assuring that students are afforded the safest possible ride to and from school. The school bus driver is responsible for the enforcement of the regulations.

1. Students being transported are under the authority of the bus driver.
2. Students are to remain seated while the bus is in motion.
3. Students must have written permission from parents and/or school personnel to leave a bus other than at regular stops.
4. Students shall converse in normal tones; profane language, rude gestures, teasing and put-downs are prohibited.
5. Students may not transport animals on buses without permission from school authorities.
6. Students who refuse to obey the rules may forfeit their privilege to ride the buses.
7. Once a student boards a bus, he/she is considered to be under school supervision, and may not leave the bus or campus without the permission of school authorities.
8. Video cameras are on buses and will be used for administrative reasons.

Suspension of bus privileges may result for the following infractions...

1. Use/possession of tobacco
2. Fighting
3. Possession of alcohol or drugs
4. Throwing hazardous objects in or from the bus
5. Interference with the safe operation of the bus
6. Flagrant insubordination or defiance
7. Vandalism

When rule violations occur, a report is given to the student and principal. The principal will attempt to resolve the problem with the student and/or parents. The parent is expected to assume major responsibility to counsel the student as to acceptable behavior while riding the school bus. These incidents will be recorded in the student's behavioral file.

Consequences of Inappropriate Bus Behavior

1st Offense--Warning by driver

- 2nd Offense--Student assigned seat, student-drive-principal conference (p)
- 3rd Offense--LOP—up to 5 days (p)
- 4th Offense--LOP—up to 10 days (p)
- 5th Offense—LOP, up to one year (p)

The bus driver has the option of recommending a suspension from the bus and in severe cases a loss of bus riding privileges will result. However, every effort is made to correct minor situations through a conference, parent involvement, or an administrative action.

Dress and Grooming

Bronaugh R-II School District expects student dress and grooming to be neat, clean and in good taste, so that each student may share in promoting a positive, healthy and safe atmosphere within the school district. Students are expected to dress appropriately for school and in a manner that will not disrupt the teaching/learning process or cause undue attention to an individual student.

No form of dress will be permitted which distracts from the educational processes of the school or adversely affects health and/ or safety of the students. Any decision concerning questionable dress will be made by the administration.

Hats/headwear may be worn to school but must be removed prior to entering the building. They are then to be kept in your locker and not worn until you have left the building for the day. Failure to abide by this rule may result in confiscation of your hat.

Clothing may not be worn to school that displays any type of alcoholic beverages, drugs, nudity, improper language, or double meaning slogans. Halter-tops and exposed waists are not allowed. Jeans with excessive holes are not allowed. Roller shoes (Heelys) are not allowed.

Shorts, must be in good taste, and at least as long as the bottom of your fingertips when your arms hanging at your side. Spandex or biker shorts (unless covered by other clothing) are not allowed. Any form of mesh or see through clothing, bare midriffs and shirts with excessive side openings, spaghetti straps, short shorts, and lounge and sleeping attire are not permitted. In short, please dress for school in appropriate attire that displays, to anyone entering our school, an atmosphere of learning.

When, in the judgment of the principal, a student's appearance or mode of dress disrupts the educational process, or constitutes a threat to health or safety, the student may be required to make modifications.

Assemblies

Assemblies are considered a part of the curricular program and are designed for student participation, for disseminating information to the student body, and for bringing in speakers or talent, which serve educational purposes. All assemblies are scheduled through the principal.

Since assemblies are part of the regular program of the school, attendance is required; teachers must sit with their assigned classes. One of the educational values, which come from assemblies, is proper training in appropriate behavior. Students are expected to conduct themselves in a manner, which will not disturb others who wish to enjoy the programs.

Student Citizenship

A school is in a true sense a community, with many of the advantages and some of the problems, of society in general. To function to everyone's satisfaction, including your own, common sense and self-control are usually all that is required. Part of your education is for you to learn to use good judgment in dealing with various situations. You should be responsible for your actions. The staff is here to counsel and assist you in this area.

You have the opportunity to establish a tradition by serving as an example of good conduct in the halls, cafeteria and classrooms. Our school is judged by its students and their actions.

STUDENT LIFE

School Food Service Program

A free and reduced breakfast and lunch program is available to students whose parents qualify according to federal guidelines. Application forms are available in the office. This information and data is kept in strict confidence. Names of families are not submitted to the state only numbers of applicants. The approved application for free and reduced lunch, whether used or not, guarantees our district additional revenue to be used in our Federal programs.

Bronaugh V-II has a closed lunchtime. This means that all students remain on campus during the lunch period unless a parent or guardian has made other arrangements with the administration.

1. Students eating in the cafeteria are responsible for taking care of their trays and waste by putting them in their proper places.
2. *Food is not to be taken out of the cafeteria.*
3. No more than 5 lunches may be charged unless prior arrangements have been made with office.
4. Federal guidelines do not permit the sale of soda during school hours. Soda is NOT to be allowed in the classrooms as per Board of Education mandate unless prior approval from administration. **Soda will only be consumed in the cafeteria and will not be permitted in the hallways or classrooms, unless pre-arranged with administration for special events. Non-compliance from students and faculty will result in removal of machines from the school. Water is the only beverage permitted outside the cafeteria.**
5. Fiscal responsibility of student: Fees and charges not paid after the 5 day limit or end of the arrangement period will no longer be allowed to purchase items until charges are paid.
6. Hallways are off limits during the lunch period.
7. Only water in clear bottles will be allowed in the hallways or classrooms.

Student Driving and Parking

Building principals have the authority to regulate student use of automobiles at school. Use of school property for student parking purposes is a privilege that may be denied due to violation of District regulations and school policies. Student vehicles parked on District property are subject to search by school officials where there is reason to believe a vehicle contains materials prohibited by District regulations. Policy 2680

Students, who drive recklessly on school grounds, or on the way to or from school, may be denied driving privileges. Usually, the student will be given a warning at first. Next his privileges to drive will be suspended for a temporary period. Finally, if driving privileges continue to be abused, permission to drive may be denied the student for the remainder of the year.

1. Students who drive motor vehicles to school shall be properly licensed by the State of Missouri, and the vehicles they drive shall be properly licensed by the State of Missouri. A copy of drivers license and insurance must be on file in the office. *Prior to the end of the first week of school all school vehicles must be registered in the office.* If a student does not comply, this privilege will be taken away for the rest of the school year.
2. Student parking is limited to the parking lot west of the high school building. Once students arrive at school they are to enter the school and not congregate in the parking lot.
3. All vehicles shall be properly parked. The vehicles shall be parked in such a manner as not to create a hazard to other vehicles.
4. Students may not park off campus.
5. Speed limit on school grounds in 5 MPH.
6. No student vehicle is to be started or driven during school hours.
7. Students are not allowed to go to their vehicles during the school day without permission from the Principal.
8. Students unable to comply with the rules will lose the privilege of driving to school for an unspecified time.

Leaving School During the Day

Permission must be given by a parent or guardian for any student to leave with someone other than his/her parent/guardian. This must be registered on the office release form prior to the time the student is to be checked out.

Telephones

To use the office phone during school hours, the student must first get permission from the Principal. Permission will only be granted in necessary cases and not just for general use. Students will not be called out of class to take calls unless it is an emergency. Messages will be taken by the school secretary and delivered between classes. Students will be charged 50 cents for all long distance charges.

Internet Usage

Policy 6320

The Board of Education recognizes that it is important for students to have access to *electronic*-based research tools and master skills for their application to learning, problem solving, production of work and presentation of information. The Board also recognizes that while these resources represent extraordinary learning opportunities and enriching educational materials, they also offer persons with illegal, immoral or inappropriate motives avenues for reaching students, teachers, staff, parents/guardians and members of the community. Additionally, these resources present tempting opportunities for users to explore areas that are confidential, have restricted access, are inappropriate and are disruptive to the classroom or workplace. It is the purpose of District policy and regulations to outline acceptable student and employee behavior with respect to use of District technology and electronic resources.

Acceptable Use

The use of District technology and electronic resources is a privilege, which may be revoked at any time. Staff and students are only allowed to conduct electronic network-based activities that are classroom or workplace related. Behaviors which shall result in revocation of access shall include, but will not be limited to: damage to or theft of system hardware or software; alteration of system hardware or software; placement of unlawful information, computer viruses or harmful programs on or through the computer system; entry into restricted information on systems or network files in violation of password/account code restrictions; violation of other users' rights to privacy; unauthorized disclosure, use or dissemination of personal information regarding minors; using another person's name/password/account to send or receive messages on the network; sending or receiving personal messages on the network; and use of the network for personal gain, commercial purposes, or to engage in political activity. Students and employees may not claim personal copyright privileges over files, data or materials developed in the scope of their employment, nor may students or employees use copyrighted materials without the permission of the copyright holder. The Internet allows users access to a wide variety of media. Even though it is possible to download most of these materials, students and staff shall not create or maintain archival copies of these materials unless the source indicates that the materials are in the public domain.

Access to electronic mail (E-mail) is a privilege and designed to assist students and employees in the acquisition of knowledge and in efficiently communicating with others. The District E-mail system is designed solely for educational and work related purposes. ***E-mail files are subject to review by District and school personnel.*** Chain letters, "chat rooms" or Multiple User Dimensions (MUDs) are not allowed, with the exception of those bulletin boards or "chat" groups that are created by teachers for specific instructional purposes or employees for specific work related communication.

Students or employees who engage in "hacking" are subject to loss of privileges and District discipline, as well as the enforcement of any District policy, state and/or federal laws that may have been violated. Hacking may be described as the unauthorized review, duplication, dissemination, removal, damage, or alteration of files, passwords, computer systems or programs, or other property of the District, a business, or any other governmental agency obtained through unauthorized means.

To the maximum extent permitted by law, students and employees are not permitted to obtain, download, view or otherwise gain access to "inappropriate matter," which includes materials that may be deemed inappropriate to minors, unlawful, abusive, obscene, pornographic, descriptive of destructive devices, or otherwise objectionable under current District policy or legal definitions.

The District and school administration reserve the right to remove files, limit or deny access, and refer staff or students violating the Board policy to appropriate authorities or for other disciplinary action.

Privileges

The use of District technology and electronic resources is a privilege, not a right, and inappropriate use will result in the cancellation of those privileges. All staff members and students who receive a password/account code will participate in an orientation or training course regarding proper behavior and use of the network. The password/account code may be suspended or closed upon the finding of user misuse of the technology system or its resources.

Network Etiquette and Privacy

Students and employees are expected to abide by the generally accepted rules of electronic network etiquette. These include, but are not limited to, the following:

1. System users are expected to be polite. They may not send abusive, insulting, harassing, or threatening messages to others.
2. System users are expected to use appropriate language; language that uses vulgarities or obscenities, libels others, or uses other inappropriate references is prohibited.
3. System users may not reveal their personal addresses, their telephone numbers or the addresses or telephone numbers of students, employees, or other individuals during E-mail transmissions.
4. System users may not use the District's electronic network in such a manner that would damage, disrupt, or prohibit the use of the network by other users.
5. System users should assume that all communications and information is public when transmitted via the network and may be viewed by other users. The system administrators may access and read E-mail on a random basis.
6. Use of the District's electronic network for unlawful purposes will not be tolerated and is prohibited.

Services

While the District is providing access to electronic resources, it makes no warranties, whether expressed or implied, for these services. The District may not be held responsible for any damages including loss of data as a result of delays, non-delivery or service interruptions caused by the information system or the user's errors or omissions. The use or distribution of any information that is obtained through the information system is at the user's own risk. The District specifically denies any responsibility for the accuracy of information obtained through Internet services.

Security

The Board recognizes that security on the District's electronic network is an extremely high priority. Security poses challenges for collective and individual users. Any intrusion into secure areas by those not permitted such privilege creates a risk for all users of the information system.

The account codes/passwords provided to each user are intended for the exclusive use of that person. Any problems, which arise from the user sharing his/her account code/password, are the responsibility of the account holder. Any misuse may result in the suspension or revocation of account privileges. The use of an account by someone other than the registered holder will be grounds for loss of access privileges to the information system.

Users are required to report immediately any abnormality in the system as soon as they observe it. Abnormalities should be reported to the classroom teacher or system administrator.

The District shall use filtering, blocking or other technology to protect students and staff from accessing Internet sites that contain visual depictions that are obscene, child pornography or harmful to minors. The District shall comply with the applicable provisions of the Children's Internet Protection Act (CIPA) and the Neighborhood Internet Protection Act (NCIPA).

Vandalism of the Electronic Network or Technology System

Vandalism is defined as any malicious attempt to alter, harm, or destroy equipment or data of another user, the District information service, or the other networks that are connected to the Internet. This includes, but is not limited to the uploading or the creation of computer viruses, the alteration of data, or the theft of restricted information. Any

vandalism of the District electronic network or technology system will result in the immediate loss of computer service, disciplinary action and, if appropriate, referral to law enforcement officials.

Consequences

The consequences for violating the District's Acceptable Use Policy include, but are not limited to, one or more of the following:

1. Suspension of District Network privileges;
2. Revocation of Network privileges;
3. Suspension of Internet access;
4. Revocation of Internet access;
5. Suspension of computer access;
6. Revocation of computer access;
7. School suspension;
8. Expulsion; or
9. Employee disciplinary action up to and including dismissal.

Wireless Electronic Equipment

Cellular telephones, pagers, electronic games, CD players, laser pointers, jam boxes, i-pods, MP3 players, personal laptops, netbooks, etc. are banned from the educational facility during the instructional day and on all regular bus routes and extra-curricular bus trips unless prior permission has been given by the administration.

In addition, school officials will confiscate the wireless device of the student who violates this policy. The wireless device shall be returned only to the student's parent or legal guardian or, if the student's age is age 18, to the student at the end of the school day. (For further information please refer to board policy on Wireless electronic Devices.)

STUDENTS Policy 2656

Discipline

Student Cell Phone Usage

Developments in cell phone technology in recent years have resulted in enhanced communication opportunities. However, the use of cell phones in schools poses increasing risks of school disruptions, bullying, criminal activity, and academic dishonesty. As a result, beginning with the 2008-09 school year, student cell phones, digital cameras and similar electronic devices will be banned during the instructional day, as well as, in dressing areas during extracurricular activities. **Violation of this policy will result in out-of-school suspension; imposed on the first and subsequent offenses.**

Parents may apply to the building principal to obtain a hardship exception. In such cases, the student's cell phone must be retained in the principal's office. Students granted a hardship may visit the office to use their cell phone for approved purposes. Telephones are also available in school offices for parents to contact their students for legitimate reasons.

Lockers

Lockers are provided for each student by the school. No more than two students may occupy one locker. A student will not be permitted to occupy a locker unless he or she has been assigned to that locker. The locker is the property of the school and students are expected to keep their lockers clean and to report any damage to the office immediately. Food, drinks, soiled clothes or illegal substances shall not be stored in the lockers. Students are not allowed to attach anything to the outside of the lockers.

The School reserves the right to inspect any locker without the student's permission or presence, if circumstances should warrant it. Locks will be provided for each locker upon request. They must be turned in at the end of the school year. Students may not use personally purchased locks.

Lost and Found

Students are responsible for the care of their own personal property. They should also be considerate of property belonging to others. If articles belonging to others are found, turn them in to the office. If you lose anything, inquire in the office. Do not bring money or valuable articles to school. Bring only what you need.

Student Fees and Charges

With the exception of physical education, all textbooks, supplies, and equipment will be furnished in courses for which academic credit is given. Students enrolled in physical education classes shall be required to provide their own clothing. The clothing shall be of the type, which is necessary for safety, health, or protection of people or property.

All required items made or constructed by the student in such courses as art, FACS, Vocational Agriculture and shop may be purchased from the school for the cost of the materials. Students may be charged for non-required activities such as yearbooks, and athletic events. Charges may also be made to the student for misuse of school property or undue delay in returning the property

Students with outstanding debts at the end of each quarter will not be allowed to charge until their bills are paid. A pupil who has not paid a charge that was properly imposed by the school may have his/her transcript withheld until such charges are paid.

CO-CURRICULAR & EXTRA-CURRICULAR ACTIVITIES

Introduction

Co-Curricular & Extra-curricular activities provide students with opportunities to participate in activities of special interest to them and to develop interests in new fields as well as to explore new avenues of learning.

Co-Curricular & Extra-curricular activities promote school loyalty, help students develop a well-rounded personality, help establish habits of good citizenship, and help students increase powers of self-direction. In general, students who participate in extra-curricular activities tend to develop a stronger sense of responsibility towards self and others, and to have a more positive attitude. However, these activities demand time and energy; therefore, students may find a need to limit the number of commitments made to organizations.

Co-Curricular activities include FCCLA, FFA, Band, School Plays, and Departmental contests.

Extra-Curricular activities include Athletics, Science club, Academic Team, Speech contests, National Honor Society, and Student Council.

When students represent our school at athletic events, band contests, or other activities, they are bound by the same rules, regulations and behavior guidelines as apply at school. Misconduct on a trip is magnified because our school suffers for it, and therefore, such behaviors will be considered more serious when reported.

Attendance at school is a pre-requisite for participation in any extra-curricular activity, including practice, play or any type of participation in any activity that day or evening, unless the principal prior to the time of the activity has excused the student.

School Rules for Activities

1. A member of the faculty, who shall be approved by the principal, must sponsor each organization. The sponsor has the power to approve or disapprove any organizational issue.
2. All meetings of organizations must be attended by the sponsor or by an approved substitute.
3. Each club or organization must have an up-to-date constitution and membership roster on file in the principal's office. All rules and regulations of that club or organization are to be listed in this document. Only those clubs and organizations meeting this standard will be allowed to meet and function.
4. Officers of an organization are selected according to:
 - a. High standards and ideals
 - b. No semester grade below a C for the semester prior to election. They must maintain a B average while in office.
 - c. Candidates shall be approved by the sponsor

- d. Officers, once installed, who fall below standards, will be removed from offices.
5. Lack of good citizenship will be sufficient cause to be removed from any club or organization. This applies to citizenship standards both in the community and in school.
6. All organizations within the school are required to take their funds to the principal's office. Money must be counted and prepared for bank deposit when presented to the office. All funds must be disbursed by the school superintendent's office.
7. A statement is issued each month to show the financial standing of each organization. No warrant may be drawn on an account when sufficient funds are not in the account to cover expenditures, unless approved by the superintendent.
8. To participate in an extracurricular activity, a student must be in school on the day of the activity unless special arrangements are made with the principal. Students are encouraged to be in attendance on the day prior to and the day following the activity.
9. Students who leave before an activity is over may not return to the activity once they leave the activity.
10. Students will be allowed to leave an event with another adult other than their parents or legal guardian if verbal confirmation has been made with the sponsor by the parent. In order to maintain the safety of the student it is the parent/guardian's responsibility to sign off with the coach or sponsor prior to taking their student home following an activity, rather than the student riding the trip bus home.
11. Any activity conducted by a club or organization must be submitted to the principal for approval. Any activity or meeting, which involves school equipment, time or facilities, must be submitted for approval at least one week in advance.
12. Persons from other schools may not attend class or club activities unless permission is obtained from the principal or the sponsor in advance.
13. All sponsoring organizations must have a "clean-up" committee to clean up immediately after the activity.
14. All students are to behave appropriately at any school sponsored activity. Failure to do this will result in that student not being allowed to attend further activities. Example: "Booing" at sporting events or any assembly is not behaving, as students of this school should.
15. Schoolwork that will be missed because of a school activity should be made up prior to the activity. Example: work for classes missed because of a track meet, judging contest, field trip, etc., should be completed and handed in before leaving for the event.
16. Rules for social functions:
 - a. People who are not currently enrolled at Bronaugh R-VII High School will be admitted to school sponsored events only as a guest of a student currently enrolled at BHS.
 - b. The principal must grant permission for guests to attend.
 - c. Guests will observe the rules and regulations of the Student Handbook.
 - d. Students and guests who leave an event will not be allowed to return.
 - e. Jeans and tennis shoes are not to be worn at any semi-formal or formal dances.

Dance Rules

1. APPROVED DANCES: Annual Dances: Barnwarming, Prom, Homecoming. Other groups wishing to hold a school dance must seek prior approval from the principal at least 2 weeks in advance. Dances will be limited to 3 hours (can be less), times to be approved by Principal. No dance will end after midnight. (Suggested times: 7-10, 8-11, 9-12). The time limit does not apply to Prom. Hours for Prom must be approved in advance by the administration.
2. GRADE LEVEL: Grades 7-12 only (exception Prom 9-12 only—age limit on Prom guests is 21 years old).
3. CHARGES: Admission for dances is \$3.00 per couple or \$2.00 per person. (exception Prom-no charge)
4. GUESTS: Students wishing to bring out of school guests will need to sign them up in the HS Office not later than noon on the day of the dance. Prom Guest List will be available in the office at least one month prior to Prom. Background checks will be done by the office on guests and their attendance is at the discretion of the administration. Students may bring only one out of school guest. Students bringing a guest to the dance are responsible for the guest behavior.
5. LOCATIONS & ENTRANCES: Entrance to dances held in the cafeteria will be through the west cafeteria doors, cafeteria dances will be limited to the cafeteria only. Barnwarming—through the Ag. Classroom doors and will be limited to the Ag building only. Prom through an administration approved entrance and locations.

6. CHAPERONES: Cafeteria Dances: Minimum of 4 sets of chaperones not including the sponsor(s). One set to monitor refreshments, one for the north cafeteria doors, one for the south cafeteria doors and one for the west cafeteria doors/gate. Barnwarming: Minimum of 4 sets of chaperones not including the advisor. One set to monitor refreshments and gate, one set to monitor dance area, one set to monitor outside area and one set to monitor shop door area. Prom: minimum of 6 chaperones—2 senior sponsors, 2 junior sponsors, principal and superintendent. Others are welcome.
7. BEHAVIOR: All school behavior rules are enforced during dances. Any violations of behavior rules will be dealt with as a school discipline issue and reported to the principal. Students will be respectful and adhere to requests or warnings issued by an adult chaperone or school official.
8. SIGN-IN & OUT SHEETS: Sign-in sheets will be required at the entrance—students will need to sign-in and sign-out indicating the arrival time and departure time. This is for safety of students.
9. LEAVING THE DANCE: Once a student arrives at the dance and they sign out—they are not permitted to return to the dance. Students will be escorted by a chaperone to cars, lockers, etc. if items are needed from them without signing out. If a student leaves/returns without an escort they will be asked to leave.
10. PURCHASES FOR THE DANCE: Organizations must follow the purchase order system and adhere to board meeting dates and timelines when requesting funds for dances, including DJ's, decorations, refreshments, etc.
11. SET-UP: Cafeteria dances can be set up after 5:00 pm on school days or after concession stand closes if operating. Barnwarming can be set up per the advisors schedule. Prom can be set up on the following schedule: Friday after lunch. Cafeteria can be set up after 5:15p.m. on Friday. Any other school area used will need approval and time schedule from the Principal.
12. CLEAN-UP: Cafeteria Dances will be cleaned up the same night as the dance. Barnwarming classroom area will be cleaned up the same night as the dance with the shop area cleaned up as per the advisors schedule. Prom will be cleaned up by 5:00 p.m. on Sunday following Prom or earlier as sponsors' request.

Board Approved 3/11/2009, Effective 3/12/2009

Extracurricular Eligibility

Any student who receives ISS or OSS will be ineligible to attend any after school activity for the week he/she is serving ISS or OSS.

In order to participate in extracurricular activities a student must carry an overall C- average and no "Fs". Any student who has lower than an overall C- average will not be eligible for extra-curricular activities, and non grade bearing activities of co-curricular activities, until that average can be met. Students who have F(s) will not be eligible for extra Curricular activities until the F is removed with verification from the student's instructor. The student's grades will be evaluated on a weekly basis with the student eligibility form to be completed for that student no later than every Friday by each classroom teacher. A student with an unacceptable grade average will not be allowed to participate in any activity for a period of one week following a negative eligibility report. This weekly eligibility monitoring will continue until the next grade card period. Instructors have the option to request a 24-hour notice to update the student's grade before filling in the eligibility form.

Students participating in extracurricular activities must meet MSHSAA standards.

Parental Permission to Participate in Athletics/Cheerleading

All students participating in events must have their parent/guardian permission. The coach/instructor may secure forms from the office to send home with the students participating in athletics. Under no circumstances may a student participate in athletics without having first passed a doctor's physical examination and record of the examination on file with school officials. Note: To participate in athletics means participating in practice as well as participating in the contests.

Fund Raising

Fund raising can be an educational experience. It gives the student experience in selling, working with a group, and the responsibility of handling money. However, a community can be overwhelmed with fund raising projects. So, in order to ensure that these projects retain their proper perspective, the following guidelines have been established.

1. Each class or club will be limited to one major fund raising project, which involves selling products to the community.
2. Each project must have the approval of both the sponsor and Superintendent..
3. The proper accounting of the fund raising material and its money shall be the responsibility of the treasurer of the class or club.
4. All requests for expenses are to be approved by the class or club sponsor.
5. Coordination between groups will be used where-by one project does not overlap another project.
6. Fundraising money needs to be turned in at the time of ordering.

Activities Out of School

Approval by the principal is required for participation in out-of-school activities in which the student or student groups are acting in the capacity of representatives of the Bronaugh R-VII Schools. Approval will generally be determined by the educational value afforded to the participants. No school-connected group shall participate in contest sponsored by agencies outside the school system, without the approval of the Principal. The approved lists of National Contest and Activities published by the National Association of Secondary School Principals or by the Missouri State High School Activities Association shall be used as a guide for appropriate contests in which secondary pupils may participate.

Junior Prom and Senior Trip

Juniors and seniors must understand that their cooperation in class meetings and that their time spent in fund raising is vital to having a Prom and going on a Senior Trip. They must agree to cooperate at class meetings and work to raise their share of the money needed for the Prom and the Senior Trip.

If a Junior or Senior chooses not to cooperate in class meetings and/or chooses not to raise their share of the class money for Prom and the Senior trip, they are also choosing not to participate in the Prom and/or Senior Trip.

Guests attending prom must be 9th grade students or older.

Senior Trip Eligibility

The senior trip is an extra-curricular, school sponsored event. Any offense involving the property, health, or safety of others or involving substance possession, use or distribution will require eligibility to be reviewed. In addition, a student who is suspended from school (OSS) during their senior year will be ineligible for senior trip. OSS cases involving cell phone usage will require eligibility to be reviewed. Any senior with; failing grades or in jeopardy of failing, or who is over or will be over the allotted number of days absent by attending senior trip will also be reviewed for eligibility.

School Spirit

School spirit is the positive feeling a student body has for its school. There are specific events at which members of the student population are encouraged to cheer as a group in support of school events. We sincerely hope that each student will participate at appropriate times in a positive manner.

Sportsmanship

Students are urged to respect the following rules at all school events.

As students of Bronaugh R-VII High School, we urge each spectator to:

1. Avoid actions which will offend or embarrass any individual athlete.
2. Regard game officials as fair, accept their decisions as final, and treat officials with respect.
3. Respect the property of our school and other schools.
4. Encourage your team, rather than "BOO" the opponent or officials.
5. Refrain from actions which will call attention to yourself.
6. Treat the opponents' coaches, players, and fans as honored guests.
7. Show appreciation of good play by both teams.
8. Accept the decisions and judgment of the coaches.
9. Be modest in victory and gracious in defeat.
10. Attempt to maintain an atmosphere of good sportsmanship at all times.

Student Welfare

Wellness

The District promotes healthy schools, by supporting wellness, good nutrition, and regular physical activity as part of the total learning environment. The District supports a healthy environment where children learn and participate in positive dietary and lifestyle practices. Schools contribute to the basic health status of children by facilitating learning through the support and promotion of good nutrition and physical activity. Improved health optimizes student performance potential. The goals of the District's wellness policy are as follows:

1. Provide a comprehensive learning environment for developing and practicing lifelong wellness behaviors.

The entire school environment, not just the classroom, shall be aligned with healthy school goals to positively influence a student's understanding, beliefs, and habits as they relate to good nutrition and regular physical activity. A healthy school environment should not be sacrificed because of a dependence on revenue from high added fat, high added sugar, and low nutrient foods to support school programs.

2. Support and promote proper dietary habits contributing to student's health status and academic performance.

All foods available on school grounds and at school-sponsored activities during the instructional day should meet or exceed the district nutrition standards. Emphasis should be placed on foods that are nutrient dense per calorie. To ensure high quality, nutritious meals, foods should be served with consideration toward variety, appeal, taste, safety, and packaging.

3. Provide more opportunities for students to engage in physical activity.

A quality physical education program is an essential component for all students to learn about and participate in physical activity. Physical activity should be included in a school's daily education program from grades K through 12. Physical activity should include regular instructional physical education, co-curricular activities, and recess. A goal of 150 minutes per week for elementary students, 225 minutes per week for middle school students, and 2 units for high school students during high school years.

4. The District is committed to improve academic performance.

Educators, administrators, parents, health practitioners, and communities should consider the critical role student health plays in academic stamina and performance and adapt the school environment to ensure students' basic nourishment and activity needs are met. To ensure widespread understanding of the benefits to school environments where nutritious foods are provided and where students have an opportunity for physical activity, a public awareness campaign that highlights research demonstrating the positive relationship between good nutrition, physical activity, and capacity of students to develop and learn should be conducted.

5. Establish and maintain a district-wide Nutrition & Physical Activity Advisory Council with the purposes of:

- Developing guidance to this policy
- Monitoring the implementation of this policy
- Evaluating policy progress
- Serving as a resource to school sites
- Revising policy as necessary

Safe Schools Act

Bronaugh R-VII School District is in full compliance with the Safe School's Act. Because of the length of this document it is not included in this handbook. A copy may be obtained in the Superintendent's office.

Health Services—Policy 2830

The Board of Education believes that in order to provide for the safety and well being of its students, it is necessary to implement and maintain a District-wide student health services program. The health service staff will be responsible to their building principal and may also be responsible to a designated District administrator.

The District will be responsible for providing first aid or emergency treatment for students in cases of sudden illness or injury. Where necessary, and with notice to the parent/guardian, emergency health services will be secured. The parent/guardian is responsible for their child's medical treatment.

Accident Policy

When a student is injured or becomes sick while in school, every effort will be made to contact the parents. If a student becomes ill during school, every effort will be made to contact parents and allow the student to go home. However, no child will be allowed to go home without a parent's consent. The school is not allowed to give any medical treatment other than first aid. In case of serious emergencies, they will be referred to the Nevada Hospital and the doctor on call. Students who become ill are to report to the office or the School Nurse. They are not to stay in restroom or leave school without permission.

Student Accident Insurance: Policy 2840

The Board of Education will provide the opportunity for parents/guardians, students and others to purchase student accident insurance on an annual basis. Each year the Administration will choose a provider offering group rates and will make the information available to District families.

Participation in any group plan is optional and arrangements for participation are the responsibility of the parents/guardians or students. However, all students are required to have insurance coverage before they are allowed to practice or compete in interscholastic athletics, cheerleading, pompon squads and similar groups.

Immunizations: Policy 2850

All students attending District schools are required to be in compliance with state programs mandating immunization against specific diseases. Failure to comply with District immunization requirements will result in exclusion from school until proof of compliance is provided. Homeless children will be granted a temporary twenty-four (24) hour grace period within which to submit proof of compliance

As mandated by the Missouri Department of Health, students must have up-to-date immunizations before being permitted to attend classes. Form 2850 provides a chart of immunization requirements by grade level.

1. The District will maintain an individual health record for each student, including an immunization history supplied by the parent/guardian.
2. A complete immunization history will be required upon entrance to school. Satisfactory evidence of immunization is a statement, certificate or record from a physician or health facility that verifies the type of vaccine, the month, day and year of administration. The parent/guardian will be informed that any needed immunizations must be obtained prior to enrollment and attending school.
3. In certain special situations, exemptions or "In Progress" statements may be needed.
 - a. If a student has received all immunizations that are age appropriate but has not completed the minimum required for school attendance, the parent/guardian must obtain an "In Progress" card from a physician or health department that identifies when the next dose is due.
 - b. If the student cannot receive the needed immunization(s) for medical reasons, a medical exemption will be completed and signed by a physician and filed in the student's health record.
 - c. If the parent/guardian objects to immunizations for religious reasons, an exemption must be signed by the parent/guardian and verified by the school nurse. This must be renewed annually. Protection against disease as a desirable measure for the protection of the student will continue to be emphasized.
4. In the event of an outbreak, students who are exempt from immunizations for any reason will be excluded from school for their own protection and that of other students, in accordance with State Rule 13 CSR 50-101.0412. The only exception will be students exempted by a physician because they have already had the disease and have available laboratory confirmation of immunity.
5. The District will notify the parent/guardian if a student will require any additional doses of a vaccine, giving the date by which the vaccine must be given to remain in compliance with the law.
6. The District will prepare the immunization report (CD 31) for the Missouri Department of Health by the specified date. Any deficiencies will receive follow-up as recommended.

Every effort will be made to return excluded students to school as soon as possible. The parent/guardian will be advised of resources available to obtain needed protection. The parent/guardian who does not make an effort to comply with the law in order to return students to school within ten days may be reported to the local juvenile authority for enforcing the truancy law.

7. An ongoing review of immunization records will be made to ensure that entering transfer students, students who are "In Progress," and those needing Td boosters during the school year have adequate protection. Students will be notified in the spring that Td boosters will be due during the next school year. The records of entering transfer students and those due for boosters will be flagged, or a separate file or a line listing of these students will be maintained, to facilitate compliance with the statute. Administering Medicines To Students

Policy 2870

(Regulation 2870)

(Form 2870)

It shall be the policy of the Board of Education that the giving of medicine to students during school hours be discouraged and restricted to medication that cannot be given on an alternative schedule. The Board of Education recognizes that some students may require medication for chronic or short-term illness/injury during the school day to enable them to remain in school and participate in their education.

Prescription Medication

The student's authorized prescriber shall provide a written request that the student be given medication during school hours. The request shall state the name of the student, name of drug, dosage, frequency of administration, route of administration, and the prescriber's name. The diagnosis/indication for use of the medicine shall be provided. When possible, the prescriber should state adverse effects and applicable emergency instructions.

In lieu of the prescriber's written request, the District will accept a prescription label properly affixed to the medication in question. Said label must contain the name of the student, name of the drug, dosage, frequency of administration, route of administration, diagnosis and the prescriber's name.

A parent/guardian must request in writing that the School District comply with the authorized prescriber's request to give medication. (The District will not administer the initial dose of any new prescription except in an emergency).

Over-the-Counter Medication

The student's authorized prescriber shall provide a written request that the student be given medication during school hours. The request shall state the name of the student, name of drug, dosage, frequency of administration, route of administration, and the prescriber's name. The diagnosis/indication for use of the medicine shall be provided. When possible, the prescriber should state potential adverse effects and applicable emergency instructions.

A parent/guardian will provide a written request that the District comply with the authorized prescriber's request to give medication.

Emergency Medication

Written standing orders will be obtained annually for the administration of emergency medication.

Storage and Administration of Medication

A parent/guardian or other responsible party designated by the parent/guardian will deliver all medication to be administered at school to the school nurse or designee. All medication, prescription or over-the-counter, must be in a

pharmacy or manufacturer-labeled container. The District shall provide secure, locked storage for medication to prevent diversion, misuse, or ingestion by another individual.

The administration of medication, including over-the-counter medications, is a nursing activity, governed by the State of Missouri Nursing Practice Act. It must be performed by the registered professional school nurse. The nurse may delegate and supervise the administration of medication by unlicensed personnel who are qualified by education, knowledge and skill to do so. The registered nurse must provide and document the requisite education, training, and competency verification. The

nurse is also empowered to contact the prescriber or pharmacist filling the prescription to discuss the prescription if the nurse has questions regarding the administration of such medication.

Self-Administration of Medication

Students with asthma or any potentially life-threatening respiratory illness may carry with them for self-administration metered-dose inhalers containing "rescue" medication. Possession and self-administration of these prescription medications must comply with the Missouri Safe Schools Act, 1996. The directives of this Act will be given to each parent/guardian who requests that his/her student be permitted to carry and self-administer such medication. A permission form for self-administration is part of this Regulation.

Parent/Guardian Administration

In situations where the above requirements are not met, or any time the parent/guardian chooses, the parent/guardian may come to school to administer medicine to his/her student.

Exception for Potentially Harmful Administration

It shall be the policy of this District that the District will not knowingly administer any medication to a student if the District's registered professional school nurse believes, in his/her professional judgment, that such administration could cause harm to the student, other students, or the District itself. Such cases may include, but are not necessarily limited to, situations in which the District is being asked to administer medication in a dosage that exceeds the highest recommended dosage listed in the current annual volume of the Physician's Desk Reference or other recognized medical or pharmaceutical text.

Communicable Diseases _____ (Policy 2860)

A student shall not attend classes or other school-sponsored activities, if the student (1) has, or has been exposed to, an acute (short duration) or chronic (long duration) contagious or infectious disease, and (2) is liable to transmit the contagious or infectious disease, unless the Board of Education or its designee has determined, based upon medical evidence, that the student:

1. No longer has the disease.
2. Is not in the contagious or infectious stage of an acute disease.
3. Has a chronic infectious disease that poses little risk of transmission in the school environment with reasonable precautions.

School officials may require any child suspected of having a contagious or infectious disease to be examined by a physician and may exclude the child from school, in accordance with the procedures authorized by this policy, so long as there is a substantial risk of transmission of the disease in the school environment.

This also includes Head Lice. If Head Lice and/or nits are found, the student will be sent home and may only return to school following verification from the Health Department or school nurse that the student is free from lice and nits.

A student who has a chronic infectious disease, and who is permitted to attend school, may be required to do so under specified conditions. Failure to adhere to the conditions will result in the student being excluded from school. A student who has a chronic infectious disease and who is not permitted to attend school or participate in school activities will be provided instruction in an alternative educational setting in accordance with District policy.

Students with acute or chronic contagious or infectious diseases and their families have a right to privacy and confidentiality. Only staff members who have a medical reason to know the identity and condition of such students will be informed. Willful or negligent disclosure of confidential information about a student's medical condition by staff members will be cause for disciplinary action.

The District will implement reporting and disease outbreak control measures in accordance with the provisions of Missouri Department of Health publication PACH-16, "Prevention and Control of Communicable Diseases: A Guide for School Administrators, Nurses, Teachers and Day Care Operators," a copy of which shall be on file in the office of the Supervisor of Health Services and in the office of each school nurse.

Drug Education and Awareness

Drug-Free Schools (Policy 2641)

Pursuant to requirements of the 1989 amendments of the Drug-Free Schools and Communities Act and to the requirements of the Safe Schools Act, and for the purpose of preventing the use of illicit drugs and alcohol by students, the District shall provide age-appropriate, developmentally based drug and alcohol education and prevention programs to all students from early childhood level through grade twelve (12). Such programs will address the legal, social and health consequences of drug and alcohol use, and provide information about effective techniques for resisting peer pressure to use illicit drugs or alcohol.

The District shall provide information about any drug and alcohol counseling and rehabilitation and re-entry programs that are available to students. Students may be required to participate in such programs in order to avoid suspension or expulsion if they are found to be in violation of this policy. All parents/guardians and students shall annually be provided with a copy of this policy.

The District certifies that it has adopted and implemented the drug prevention program described in this policy in the form required by the Department of Elementary and Secondary Education or the United States Department of Education. The District conducts a biennial review of such program to determine its effectiveness, to implement necessary changes and to ensure that the disciplinary sanctions are consistently enforced.

Drug Education (Policy 6130)

The Board of Education understands that parents/guardians, educators, students and other community members are seriously concerned about the adverse effects of drug abuse on the individual and society. Furthermore, the Board believes that effective drug education programs require both the acquisition of knowledge and the development of positive personal values. Both the school and other community agencies must share in the development and conduct of programs to alleviate the problems of drug abuse.

Therefore, the School District will abide by the following:

1. Be concerned with the education of all areas of drug and alcohol abuse.
2. Establish and maintain a realistic, meaningful drug and alcohol education program that will be incorporated in the total educational program.
3. Establish and maintain an ongoing in-service drug and alcohol education program for school personnel.
4. Cooperate with government and private agencies offering services related to drug and alcohol problems.
5. Encourage and support activities that will develop a positive peer influence in the area of drugs and alcohol.
6. Create a climate whereby students may seek and receive counseling about drugs and alcohol and related problems without fear of reprisal.
7. Follow federal mandates concerning drug and alcohol education.

Sexual Harassment of Students

STUDENTS Policy 2130

(Regulation 2130)

Nondiscrimination and Student Rights (Form 2130)

Harassment

It is the policy of the District to maintain a learning environment that is free from harassment because of an individual's race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation. The School District prohibits any and all forms of unlawful harassment and discrimination because of race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation.

It shall be a violation of District policy for any student, teacher, administrator, or other school personnel of this District to harass or unlawfully discriminate against a student through conduct of a sexual nature, or regarding race, color, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation as defined by this Policy.

It shall also be a violation of District policy for any teacher, administrator, or other school personnel of this District to tolerate sexual harassment or harassment because of a student's race, color, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation, as defined by this Policy, by a student, teacher, administrator, other school personnel, or by any third parties who are participating in, observing, or otherwise engaged in activities, including sporting events and other extracurricular activities, under the auspices of the School District.

For purposes of this Policy, the term "school personnel" includes school board members, school employees, agents, volunteers, contractors, or persons subject to the supervision and control of the District.

The school system will act to promptly investigate all complaints, either formal or informal, verbal or written, of unlawful harassment or unlawful discrimination because of race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation; to promptly take appropriate action to protect individuals from further harassment or discrimination; and, if it determines that unlawful harassment or discrimination occurred, to promptly and appropriately discipline any student, teacher, administrator, or other school personnel who is found to have violated this Policy, and/or to take other appropriate action reasonably calculated to end the harassment/discrimination.

Nondiscrimination and Student Rights **Sexual Harassment Prohibited Notice**

Sexual Harassment Prohibited **Notice** **To All Employees and Students** **Regarding Sexual Harassment**

The Bronaugh R-7 School District is committed to an academic and work environment in which all students and employees are treated with dignity and respect. Sexual harassment of students and employees whether committed by supervisors, employees or Students and regardless of whether the victim is an employee or student will not be tolerated.

Sexual harassment includes but is not limited to:

1. sexual slurs, threats, verbal abuse and sexually degrading descriptions
2. graphic verbal comments about an individual's body
3. sexual jokes, notes, stories, drawing, pictures or gesture
4. spreading sexual rumors
5. touching an individual's body or clothes in a sexual way
6. displaying sexually suggestive objects
7. covering or blocking of normal movements
8. unwelcomed sexual flirtation or propositions
9. acts of retaliation against a person who reports sexual harassment.

Inquiries, complaints or grievances from students and their parents and employees regarding sexual harassment or compliance with Title IX may be directed to the Superintendent of Schools, to the District's Title IX Coordinator or the Director of the Office of Civil Rights, Department of Education, Washington, D.C.

The District's Title IX Coordinator is
Patricia Phillips, Superintendent
527 East 6th Street, Bronaugh, MO 64728
417-922-3211

Policy 2710

The Board of Education believes that school staff members are in a unique position to assist children, families, and the community in dealing with the issue of child abuse and neglect. In addition, school employees are required by law to report instances of suspected child abuse when the employee has reasonable cause to suspect that a child has been or is likely to be abused or neglected.

Child abuse is defined as any physical injury, sexual abuse or emotional abuse inflicted on a child other than by accidental means.

Neglect is defined as the failure to provide the proper or necessary support, education, nutrition or medical, surgical or other care necessary for the child's well being.

District employees who know or have reason to believe that another District employee has sexually or physically abused a student have an additional duty to notify their immediate supervisor immediately.

Fire Procedure

At the first sound of fire warning -- continued short bells -- everyone immediately leaves the building (by the designated exit) and in an orderly manner.

If a fire alarm is sounded, the class will file out of the room immediately in single file. The teacher directs the class to the assigned exit. When the class is assembled safely outside, the teacher checks the class roll to determine whether any students are missing. The class remains outside until the safety signal is sounded. In order to insure safety, students will conduct themselves in a quiet and orderly manner.

Teachers will be familiar with the building to such a degree that should the assigned exit be blocked. The teacher immediately selects an alternate exit. Teachers must take the class roster to check attendance. The signal to return to class will be the ringing of the normal bell. Building and campus maps outlining these emergency procedures are displayed in each classroom. Please notice and become acquainted with these maps.

Tornado Procedure

At the first sound of a tornado warning -- three (3) long bells--teachers will lead their students single file to a designated area. Everyone is to stay as far away from windows as possible. Students are to sit on the floor with their backs against the wall and cover their heads with their hands and/or arms; all must be considerate and regard the safety of others. Teachers must take the grade books to check attendance. The signal to return to class is the ringing of the normal bell.

Building and campus maps outlining these emergency procedures are displayed in each classroom. Please notice and become acquainted with these maps.

Earthquake Procedure

The signal for identifying an earthquake warning will be a series of alternating bells (long, short, long, short, long, short).

All teachers and students are to remain where you are. Assess the situation, then act as directed by the teacher. Keep Calm!

Do not evacuate the building as long as tremors are occurring quite constantly. When tremors cease, or several minutes elapse between shocks, then evacuate as by fire plan. At no time will students re-enter a damaged building. If indoors: take cover under desks, tables or other heavy furniture; take cover in interior doorways or narrow halls; stay away from windows and beware of falling objects. If outdoors: move away from buildings, if possible; avoid utility poles and overhead wires.

Remember that the problems are varied and unpredictable; hard and fast plans may require on-the spot decisions under the general guidance of governmental officials.

CLOSING STATEMENT

During the school year, problems may arise which have not been mentioned in this handbook. In this case, feel free to visit with the principal or counselor about your problems. We are all here to do our best for our students. Our doors are always open to students who wish to discuss the school or any problem with which we may be able to help. Take pride in your school, as we do, and through long hours and hard work, we will continue to make the Bronaugh R-VII School District even better.
